3.1 Outbreak of Rotavirus in Brisbane 2018

The management called upon Fed representatives to do senses on how the QRPF should handle this Rotavirus outbreak. The choice was to (Continue flying & infect as we go or Stop infect and continue racing). The outcome of the senses that was received from all clubs is that we were divided.

The management committee was called to resolve this Issue. It was discussed at length and a motion from R Walker, second M Reynolds to revise the schedule to accommodate the second series flyer that could contract the virus as soon as they start road work. This would also give an opportunity for the members that have contracted the virus during the first few races of the 2018 season to get their Pigeons back on track. **Carried** (The revised Schedule is attached to the minutes)

This rotavirus has been confirmed in Brisbane and the management committee has called on all members to be vigilant and manage their pigeons accordingly.

B Snyman, second C Porter moved a motion to remove the overall points of the QRPF so that all members could be put on level playing field. **Carried.**

4. Close

The meeting was closed at 19.49PM
